NICOLAS OLIVARES REITZE - FULLSTACK DEVELOPER

Summary

I am a full stack developer that specializes in React and Express. My past professional experiences working in the military, finance, and education sharpened my skills in being persistent, working independently, and collaborating as a group to achieve a common goal.

Projects

Pandemic-Prep   github.com/nico-olivares/pandemicprep2
- Managed a team of 4 developers in the design and implementation of a fully functioning e-commerce web application.
- Technologies used: React, CSS, Node, and Postgres.

Web Key   github.com/nico-olivares/webkey
- Managed a team of 3 developers in the design and implementation of a fully functioning react application.
- Technologies used: React, CSS, Node, and Postgres.

Arcade Central   github.com/nico-olivares/p07-arcade
- Designed, coded and tested a JavaScript project.
- Two games (mancala and minesweeper).
- Mancala allows for singer user (AI) and multi-user play.
- Technologies used: HTML, CSS, and JavaScript.

Experience

UNF – Coding Bootcamp Student   **Apr 2020-Oct 2020**
- Managed a team of 4 developers in the design and implementation of fully functioning e-commerce web application.
- Designed and coded both single-page and multi-page API interfaces.
- Did individual and team control management via git and GitHub.

Crown Point Elementary – Teacher   **2004-present**
- Oversee tech support for hardware and software programs that were used by 50 teachers and 900 students.
- Administered math, science, and reading instruction to various grades ranging from 1st to 5th in classroom sizes of 22+ students.
- Recognized by my peers in an award nomination for stepping up and filling several additional roles within the school while fostering a love for STEM with the students.

Nestle Chile – Junior Controller   **2001-2002**
- Translated complex financial data to include profit and sales reports so that it was easily understood by customers.
- Interpreted and organized large sets of data so that users could make financial decisions with accurate and timely information.
